## SAMPARC ANNUAL REPORT 2018-19

President Mr Anil Singhvi and Secretary Mr Amitkumar Banerjee with Members of SAMPARC Governing Council take immense pleasure to present SAMPARC Annual Report for the year 2018-19.

Before presenting the Annual Report, we must mention that, all the progressive activities of SAMPARC Projects were possible to complete and act upon due to

the help extended by our Honourable Donors and Well-wishers. We would like to thank all our partners, friends, well-wishers, sponsors, donors and volunteers for their valuable support, dedication and best wishes which are helping us to reach out to underprivileged social community.

Social Action for Manpower Creation - SAMPARC is a non-profit making Public Charitable Society and Trust in India, established in the year 1990 for the rehabilitation, care and educational development of orphan children, children of socially victimised women and all other needy, poor and disadvantaged children, youth and women.

SAMPARC is working in the States of Maharashtra, Rajasthan, West Bengal and Uttar Pradesh. SAMPARC imparts service in the field of child care, education and rehabilitation through Children's Home for orphan, Education to poor and needy children through Community Education Support Program, Skill development for rural school dropouts through Industrial Training and Vocational Training program to make them employable and running Schools, Junior College with hostel facility for poor, rural & tribal students for their education minimum up to 12th std. SAMPARC runs Medical Centre at Malavli Centre & Mobile Medical Unit for 25 villages in Maval Taluka for the rural poor; SAMPARC is working for Women empowerment programme and Entrepreneurship development activities for income generation for rural women; development of Tribal families through Livelihood support program and education support program to tribal children and Counselling services to children and women.

SAMPARC has completed 29 Years of service towards the care, protection and rehabilitation of the Orphan & Needy Children. Today in the State of Maharashtra SAMPARC Children's Home for orphan children is rated best Shelter Home for the children. As a result, all Child Welfare Committees (CWC) of respective districts chooses to send maximum number of children to SAMPARC for better care, protection, and development. As a result maximum number of children are referred to SAMPARC Children's Home by the concern authority.

The unique part of SAMPARC Child care program is that from the date of admission the organisation takes care of the children till they are not rehabilitated properly. Till today, about 160 girls are married and more than 700 boys and girls are employed in various places in India and abroad.

SAMPARC Children's Home, Bhaje now has 150 girls whereas SAMPARC receives grant for 110 children. SAMPARC is persuading the Government for increasing the grant based on total number of Children living in the Children's Home. The organisation faces challenge when new children of age group 12 to 16 are admitted with the order from CWC. Many of them are victims of abuse and are traumatized because of their past experience. The Counsellors, house-mothers and other staff take a lot of pain to comfort and normalize the children. Similar problem is handled when children come to SAMPARC Children's Home at Bal Asha Ghar, Shel-Pimpalgaon and Poynad centres. Many children - boys and girls were exposed to sex business, illegal activities in the slums and in the family at a tender age. It is challenging for SAMPARC staff to handle such children to work on their better mental health, education and lifestyle. Many of the children come for poor background and fail to start education and lead a healthy life.

But we are glad to mention that, our trained staff tackle the problems of the children and try to provide them good environment, confidence and trust. Some of the very sensitive issues of the children were handled by Trustee Mrs Ratna Banerjee herself with the help of Mr Paresh Khadilkar – Chief Psychologist, Mrs Vindhya Bapat - Dy. Project Director, Medical Team of SAMPARC and trained staff of Balgram.

Mr Paresh Khadilkar – Chief Psychologist of SAMPARC is coordinating with 165 grown up children who are attending college, various technical institutes and training program in industries. Periodical get-together, alumni meet with the senior children, visiting their institutes keeps the program interactive for the senior children to coordinate their needs. Regular guidance for their higher education and employment is treated with utmost importance.

SAMPARC Centres always try to instil Value Education in children through leadership and personality development trainings of the children by eminent experts. Sports training, cultural activities and drawing, painting classes are conducted for the children through coaches, trainers and teachers of the respective trades. Children are also exposed to community education which guide them to become responsible to the environment, cleanliness, sanitation, hygiene etc. SAMPARC believes in growth of the children under community umbrella.

More than 96% results was achieved for 10th std and 12th std education and all the successful boys and girls have opted for higher education.

To improve the standard of work of the personnel involved with the children, they were imparted intensive training throughout the year by Miracle Foundation India. Emphasis was given on 'Right of the Children' 'Best Health Support', necessary education aid and opportunity, drinking water, nutrition, and to create friendly atmosphere.

This year 3 classroom and one reception room were constructed at Bhaje Centre which has made the place more attractive for the resident children. Thanks to our all donors. At the end of the year we have started excavation for Well which is expected to be operational in the next 3 months.

We are very optimistic about the success of our two sports instructors who are busy training two teams of girls in athletics and wrestling. Our children from tribal school at Bhambarde represent Netball at the National Level. Yoga Program by children of Children's Home, Shel-Pimpalgaon and Taekwondo by children of Bal Asha Ghar are of High standard.

SAMPARC Children's' Home Shel-Pimpalgaon have added solar power for the entire centre which has helped in power efficiency. Thanks to our donors.

We must acknowledge that the SAMPARC Industrial and Vocational Training Institute at Malavli has made it possible to provide training to 750 boys and girls this year. More than 500 children have become computer literate this year. The new building facility and introduction of two new two year courses Fitter and Electrician for boys have improved the Vocational Training and Industrial training program of Maval Taluka. This has become successful because of financial support from our donors.

The Education support program for the rural and tribal children in Bhambarde School up to 12th std. is doing excellent in studies. The tribal Katkari children are the prime focus area of the program where children from 360 Katkari families are now supported for education. Our social workers are not only emphasizing on education but also regularly interacting with each family, counselling them and helping in developing livelihood project for the Katkari families. Bhambarde School is acting on transforming the lives and values of the Western part of Mulshi Taluka touching the lives of more than 10,000 families.

A phenomenal change has come in the life of the villagers with epicentre in this school. In a similar manner our Abhinav English Medium School in Patan is doing very good to impart English Medium education to the low income group families of surrounding villages in Maval Taluka. We have made a successful effort in starting Lily English Medium School for the students who completed 5th std. at Abhinav English Medium School and are able to join 6th std. at SAMPARC Lily English Medium School at Malavli Centre which is located at the centre of 40 villages. SAMPARC Lily English Medium School provide education support up to 12th std.

From the initial days SAMPARC is involved with village women for village empowerment program where we are closely associated with 6000 women of Self-Help Group (Bachat Gat) and Patpedhi i.e. Women's Credit Cooperative Bank. This year we organised 4 training programs for the women's group and various meetings at village level. We also run Family Counselling Centre with the help of Women's Commission.

SAMPARC has conducted volunteers support program from various corporates where one of the program was to promote Environment Conservation through tree plantation. Various volunteers painted the building, conducted cleanliness drive, and spent time with the children to impart various knowledge. SAMPARC in association with the women's group and Government of Maharashtra was trying for tripartite agreement towards bigger afforestation program in Maval Taluka which could not materialise due to lack of permission from the concerned authority.

This year we have worked in 7 schools in Mulshi Taluka on Right to Education. It has been a remarkable support to the schools and children in improving their quality of education. About 600 students are benefited through the program and more than 150 families got awareness about need for educating the children.

SAMPARC believes in advocacy for child development through knowledge sharing, especially for the right of the children along with other NGOs working for the cause of children. SAMPARC has developed a good working knowledge on Juvenile Justice Act and thus it shared about the act and its application in the interest of the children. Training program was also held in SAMPARC by the Maharashtra State Child Right Commission in Malavli Centre.

Since 2016, SAMPARC started awareness building on its nearby caves and monuments to empower rural community to draw global attention. SAMPARC believes that supporting conservation, care and protection all these nearby caves and forts need special attention which enhance children and scheduled society to grow their responsibility towards the Heritage Monuments. This year SAMPARC organised SAMPARC Heritage Walk on 28th Nov 2018 where more than 6000 people from nearby places joined to support Heritage Monuments and to enlist all these Heritage Monuments Bhaje, Karla, Bedase Caves and Visapur, Lohagad Forts in the UNESCO Heritage List. Through this program SAMPARC also created its awareness about the organisation and its activities in a big way.

SAMPARC always stresses on fulfilment of the statutory requirement. The organisation regularly furnishes its Annual and Accounts reports to the Charity Commissioner, Financial report to the FCRA Authority, Finance Ministry, Department of Women and Child Development. Apart from that, monthly and quarterly reports are sent to all donors, funding agencies, CWC, WCD along with the progress report. This year Session Judge of District Court visited SAMPARC Children's Home to check out the wellbeing of the children.

SAMPARC Shel-Pimpalgaon has also improved its activities. All the children have scored good marks and all students passed the 10th std. Specialty of the Centre is Yoga. Similarly, SAMPARC Poynad Centre is doing well in studies. 7 children in 10 std, 3 children in 12th std. and 3 children in Final Year Graduation passed the examinations.

SAMPARC Jodhpur Centre known as Kalyanmal Kevalmal Balakashram has done tremendous progress and is now well equipped with computer and other education facilities. SAMPARC Kolkata Centre is also doing excellent and all the children are progressing in education properly.

SAMPARC started Vocational Training Programme at Varanasi in UP. Land is procured and building is being constructed for developing Vocational Training program in Computer, Tailoring, Retail Sales, Spoken English and Life Skill Development along with Community Education Support Program.

SAMPARC Rural Community Education support programme is another way of reaching poor rural and slum children to get better opportunity for education Development. By this programme SAMPARC provides them education, stationery, nutrition, special coaching and counselling to the parents to support the education of the underprivileged children. To support this programme this year SAMPARC helped Dhananjaypur rural community in South 24 Parganas, West Bengal to get fabricated classroom so that children can sit properly even in the monsoon. SAMPARC also is running a Centre at Mandir Bazar near to Dhananjaypur.

This year in Kolkata SAMPARC carried out two activities in the name of SAMPARC Shanti Kolkata project for 90 slum children of Tollygaunj area and SAMPARC Behala Project for children of Behala area. SAMPARC also runs two community education programme for Santhal tribal children at Rahimpur and Gultia in Hooghly District.

SAMPARC has Education support programme in Jodhpur at village Gangani where children were supported for special education programme. SAMPARC also carried Education Support Programme for 200 girls in Maval and Mulshi Taluka in the district of Pune under Nanhi Kali Project supported by K C Mahindra Trust. The programme is now stopped. SAMPARC needs support for running the programme for 200 rural girls under education support programme.

**Future Plan:** SAMPARC believes, by empowering its staffs who would be instrumental in propagating need of the society, especially to the weaker section. This will enable us to move ahead with our own means for resource mobilization. SAMPARC is developing Social media as a Tool to reach to the masses and share the activities of the organisation and to participate with the various programmes to create awareness about the SAMPARC and its work.

SAMPARC has decided to power up entire SAMPARC Balgram Bhaje through solar energy. To accommodate students up to 12th std.
